Conferences Topics

International Student Scientific Conference is held for students of master (bachelor) degree; conference **Advanced Methods in Logistics** is held for Ph.D. students and other business or academic staff.

The aim of conference is to exchange ideas, present research results and to discuss current problems and prospects of the development of logistics with emphasis on the fields of information and organization solutions.

We propose to focus at areas of:

- Global trends in supply chain management
- New concepts (lean, flexible, agile, resilience, 3V, KPI etc.) in logistics systems
- E-commerce
- Logistics and other areas of management
- IT systems in logistics
- Modern warehousing systems
- Sustainable logistics
- Intelligent systems in logistics

General chairmen of the conference

- Assoc. prof. Ivan Hlavoň
- Assoc. prof. Oldřich Kodym
- Dr. Libor Kavka
